Personal Statement

I am a highly qualified expert in intelligence, security and anti-terrorism. I have studied Intelligence, safety/security and anti/counter-terrorism to a high level in Russia, Hungary, Netherland, UK, US, South-America and Israel. I have more than 14 years' experience in the areas of VIP protection/EP/PSD, intelligence and anti-terrorism and I have more than 30 years' experience of martial arts, close combat and self-defence.

I have also worked in Iraq, Afghanistan and Africa. Due to the situation reigning in these countries and other areas of anti-terrorist operations, I have developed defensive strategies in "Victim and Witness Protection" and in my speciality of personal protection/celebrity bodyguarding and VIP protection in high risk areas and danger zones.

I have developed and I prepared International Recognized special education method (TCCS) and training materials for the police, military and personal protective professionals.

In my specialty teach this method for police & military and special units as well as high quality Bodyguard and Security people in government and private sector in all around of world.

I'm certified law enforcement expert and chief instructor for trainers of law enforcement and military and expert and I teach at the Hungarian Police Vocational Schools and at more national and international professional institutes, academies and colleges as an guest lecturer.

I am very good at problem solving, decision making and have the ability to develop and implement effective action plans. I also have demonstrated experience in the coordination of high risk security projects and protection of high profile personal.
