

Health Questionnaire for Level 2 Physical Intervention Skills for the Private Security Industry

Dear Candidate,

You have been selected to attend the Level 2 Physical Intervention Skills for the Private Security Industry Programme. As such it is a requirement that a Health Questionnaire is completed pre course to identify suitability to attend the course. Although the training does not require a great deal of physical fitness it is essential that the training team are made aware of any potential injuries or problems prior to commencement of the physical activities.

Information supplied and recorded will be kept in compliance with the Access to Medical Reports Act 1988.

Have you been exercise inactive for the past 12 months?

Do you have a heart condition?

Have you ever experienced chest pains when exercising?

Do you suffer from any joint problems?

Details:

Do you have any ongoing injuries or are you currently taking medication or receiving treatment?

Details:

Is there anything else not previously mentioned which, could effect your inclusion on the training during the day?

I declare that I have never had any other disorder not already mentioned that could effect my involvement on the training. I understand that if any of the information is incorrect or if there are any omission, I will not hold the Training team, Centre or Awarding Body responsible for any injuries that result.
